DHG Facts

1800+ People

230+ Partners and Principals

~50 SEC/Public Audit Clients

1 Resourceful Firm

a proactive, integrated and collaborative approach

Our knowledgeable DHG tax professionals will work with your project and accounting teams to understand all aspects of your capital investment plan and identify tax savings opportunities that can provide upfront cash benefits.

What We Do

DHG tax professionals have knowledge of the relevant tax laws to help guide our clients who are engaged in new construction projects or renovation of facilities. We work with the project and accounting teams to integrate construction and tax law experience and to transfer knowledge to the client which helps provide guidance for the current and future projects.

CAPITAL INVESTMENT PLANNING

Why Choose DHG?

Our integrated and collaborative approach provides an efficient way to analyze potential tax benefits and procure the maximum tax savings opportunities for you. Our dedicated tax professionals use their knowledge to help the client realize the tax benefits available to them on current projects, while also transferring knowledge to help clients in future endeavors.
